## Legalzoom

Staff UX designer (Nov'23 - Now)

- Design lead for LegalZoom's estate planning product, leading a full revamp of a 20-year-old legacy experience—driving a 12% AOV increase and cutting task completion time by 60%.
- Design lead for LegalZoom Business mobile app and Contracts module, driving new business initiatives to boost customer engagement.
- Mentoring junior designers and collaborating with stakeholders across geographies & time-zones to uphold brand consistency and elevate design quality.

## SIXT

Staff UX designer (Apr'23 - Nov'23)

- IC design lead for SIXT RIDE division, leading branding and design overhaul for the vertical while collaborating with a range of stakeholders globally.

## Meesho

Sr. Design Manager (Mar'22 - Apr'23)

- UX manager for Meesho Superstore(grocery). Leading a team of 3 designers, driving 0-1 strategic initiatives for tier-II/III (NBU) users—focusing on affordability over speed, and enabling close collaboration between design, product, and business teams.
- Improved hiring and org design by revamping UXD interview guidelines to reduce candidate drop-offs and co-creating a career ladder and competency framework with leadership.

## Myntra

Sr. Design Manager (Oct'20 - Feb'22)

- Led a team of five designers delivering strategic partner experience and supply chain initiatives, while advancing design maturity through mentorship, career development, and team leadership.

UX Design Lead (Aug'18 - Sep'20)

- Led cross-functional collaboration (UX, Dev, Product, Ops) to build a scalable design system and digitize offline logistics, boosting productivity by ~10% and aligning UX efforts with org goals—achieving a 55% to 80% improvement in inventory health.
- Redesigned E2E returns management to reduce bad inventory and cut restock/liquidation turnaround time to under 15 days.

## Treebo Hotels

Senior UX Designer (Mar'17 - Jul'18)

.

- Designed the Web-Based Central reservation system to manage properties, later converted to SAAS solution for small-mid size hoteliers.
- Doubled (8% to 15%) the conversion funnel on the app and ~5x (3% to 14%) in PWA, by devising Treebo Rewards & non-refundable plans for the logged in users. This also resulted in a 3X (10% to 32%) increase in post-login conversions.

## SignEasy

UX Designer (Oct'15 - Feb'17)

- As the first in-house UX designer at SignEasy, I defined visual language and workflows across platforms (iOS, android & Web) and designed the Request Signature feature, reducing turnaround time for in-person and remote signatures.
